WATER SUPPLY POLICY

Laton is equipped with water meters. The water rate will include a monthly base rate plus a fee based on consumption. The base rate charged to each customer regardless of water usage is \$28.00 per month. Water consumption will be charged at \$0.68 per 100 cubic feet. The consumption charge starts with the first unit of water used and is added to the base rate. The amount of water you use each month is listed on your bill under "Current Meter Information".

The Laton Community Services District provides its customers with water that meets minimum State Quality Requirements at rates adjusted from time to time by the District.

The District is not liable or responsible to its customers for water supply failures.

The District reserves the right to terminate a customer's water service in the event a customer becomes delinquent in the payment of any of the District's charges. The District assumes no liability for damage to persons or property resulting from defective water quality or defective delivery systems.
